FTL Seals Technology Ltd is committed to minimising the impact of its activities on the environment.

The key points of our strategy for achieving this are:

- Minimising waste by evaluating operations and ensuring they are as efficient as possible.
- Actively promoting recycling within the business.
- Meeting all the environmental legislation relating to the company.
- Minimising our carbon footprint through green technologies such as solar energy and utilising electric vehicles.

This policy statement has been communicated to all employees, and is available to all interested parties, including regulatory bodies and members of the public upon request.

This Environmental Policy shall be reviewed periodically to ensure its continued suitability.
